

Dear Students and Parents,

After the Thanksgiving Break, we will begin our research project on certain types of technology. Through our research we will compare what it was like in the past to today. Please help us with this research by being a part of an interview. Students, choose an adult to interview and ask them the following questions. Record answers and begin thinking about what piece of technology you would want to learn more about. Please return this to school by Monday, November 25, 2018.

The Third Grade Team

Name of person interviewing: -----

Name of person being interviewed: -----

Phone:

What was the first type of telephone you used?

Was it easier or harder to use than the phones we have today?

Why?

Music Player:

How did you listen to music when you were younger?

Was it easier or harder to use than the music players we have today?

Why?

Car:

What features are in your car today, that your first car did not have?

Do you think these features have made cars better? Why or why not?
